IMPORTANT ANNOUNCEMENT

VEGAFORCECOMPANY WILL NOT ATTEND THE 2020 IWA EXHIBITION

As you are aware, there is a new novel coronavirus (Wuhan pneumonia) spreading throughout mainland China and the rest of the world, Although there is only very isolated infection in Taiwan at this time (and none within our company) we of course still want to take the lessons of past flu outbreaks to heart: We want to take the side of caution as an organization for our employees, follow best health practices, and avoid crowded places in the near future.

For protect all of our customer and friend's safety and health, reduce the risk of virus infection internally VFC has decided to cancel our presence the IWA exhibition in March 2020. This also includes any scheduled meetings during the show that we have already confirmed.

It is a difficult decision to make to not be unable to meet with our customers and friends this year, however, VFC will find another opportunity to display 2020 new products as the year continues.

Once again, VFC apologizes for any inconvenience, and thanks you for your kind understanding. Also look forward to seeing you all in 2021 IWA exhibitions.

近期全球發生新型冠狀病毒的疫情，雖台灣目前並未發生大規模感染的狀況，但在我們審慎評估之後，和各位說聲抱歉，我們認為若近期前往人群高度密集的室內場所，將會加重國家及整體社會防疫工作的負擔，並增加病毒感染的風險。

因此站在保護自身與各國客戶朋友的立場，巍嘉國際股份有限公司決定退出此次德國紐倫堡的IWA展覽，並停止各項與IWA相關的作業及商務活動。

非常遺憾無法在德國與我們的客戶朋友一起相聚，巍嘉國際股份有限公司將另覓合適時機，進行2020年度的新品展示機會。同時也期待2021年與大家在德國相見。
